SOFT SKILLS

- Team Work
- Problem Solving
- Time Management
- Effective Communication

INTERNSHIP

Bharat Intern

10-10-2023 - 10-11-2023

During my virtual internship at Bharat Intern, I had the opportunity to gain valuable hands-on experience and contribute to various aspects of the organization. I was responsible for a range of tasks and projects that allowed me to develop and enhance my skills in Javascript , html/css. Some of the key responsibilities and accomplishments during my internship included:

- Worked on projects like an Ecommerce homepage clone using html and tailwind css
- Created projects like a temperature converter in which JavaScript dynamically calculates and displays the equivalent values in the other two temperature scales, eliminating the need for manual calculations.

PROJECTS

Wiz Store : E-commerce website

React Js | Javascript | HTML | CSS

- Created a new ecommerce platform from the ground up, including designing and developing all aspects of the website
- Used React to allow users to instantly update the medication list interface without reloading
- Built a fully responsive Ecommerce website with all the functionalities
- Used useState , useEffect , useReducer and also made an used a custom hook

Text Online Editor : Text Utility website

React Js | Javascript | HTML | Bootstrap

- Built a fully responsive Online Text Utility website
- Built multiple functionalities such as Convert to Uppercase, Copy Text , Remove Duplicates
- Enabled Dark Mode functionality using props

Wiz Delivery : Food Services Website

HTML | CSS

- A food services website made using HTML and CSS that has User-Friendly Interface
- It has Responsive Design and can work seamlessly to different devices ensuring a consistent experience for all users.
