SKILLS

LANGUAGES:
C++ | JavaScript

WEB TECHNOLOGIES:
HTML5 | CSS3 |Tailwind CSS | ES6 | Context| React.js | Node.js | Express.js | Bootstrap | REST APIs

FRAMEWORKS DATABASE:
MongoDB | Firebase | SQL

FAMILIAR:
Github | Figma | OAuth | JWT

SOFT SKILLS:
Teamwork | Communication

COURSEWORK

- Object Oriented Programming
- Data Structures
- Database Management System

ACHIEVEMENTS

- Secured 1st place in the Karnataka State Police Datathon 2024, outperforming over 1,100 teams.
- Ranked 3rd in the college's competitive programming competition, CodeCrunch.

EXPERIENCE

MNJ SOFTWARE PVT LTD | Frontend Development Intern
August 2024 – October 2024
- Developed **responsive** multi-step forms and landing pages as a **Frontend Developer** using **HTML**, **CSS**, **TypeScript**, **jQuery**, and **React.js**, enhancing user experience and accessibility.
- Integrated **RESTful APIs** with frontend components, streamlining data handling and improving app performance.

IBM SKILLSBUILD INTERNSHIP | React.js Developer Intern
July 2024 – August 2024
- Built **Wellness Connect**, a full-stack MERN app using **React.js**, **Node.js**, **Express.js**, and **MongoDB**, to improve health resource accessibility.
- Designed an intuitive UI, boosting user engagement by 40%, and seamlessly integrated **RESTful APIs** for optimized data management.

KARNATAKA STATE POLICE 2024 HACKATHON | Winner | MERN Stack Developer
April 2024 – June 2024
- Implemented a **MERN stack** tool for automating **PII detection**, saving 15 hours per week in manual work for the Karnataka Police.
- Secured a winner position at the hackathon through a full-stack solution combining **machine learning** and backend development.

PROJECTS

DATA ANONYMIZATION TOOL | CODE | LIVE
- Developed a full-stack **React.js**, **Node.js**, and **MongoDB** app to anonymize PII, ensuring data privacy and regulatory compliance in law enforcement workflows.
- Implemented **asynchronous data processing** and secure **RESTful APIs**, boosting workflow efficiency by 40% while maintaining data integrity.
- Integrated **secure data handling** and compliance protocols for Fintech and law enforcement standards.

SHOPNEST – MULTIVENDOR ECOMMERCE WEB | CODE | LIVE
- Designed a high-performance **MERN application** with **React.js**, **Node.js**, and **Express.js**, enabling seamless real-time data interaction and optimized API performance via **asynchronous RESTful APIs**.
- Implemented **JWT-based authentication** and integrated **Auth0** for seamless OAuth 2.0 login, enhancing security, scalability, and user experience across multiple platforms.

POSITION OF RESPONSIBILITY

CLOUD COMPUTING CELL | WEB DEVELOPER
Oct 2022 – Present
- Hosted 3 major events, including workshops and seminars, each with over 300 participants.
- Engaged and inspired over 1,000 students through well-organized events, creating a transformative and enjoyable learning environment.
