CAREER OBJECTIVE

To make use of my interpersonal skills to achieve goals of a company that focuses on customer satisfaction and customer experience.

PERSONAL PROJECTS

Movie-App ⬀
I created a Movie-App using fetch Api where i added search functionality and Authentication using Local Storage. user can only visit if he is logged in.

Shopping Cart ⬀
I created a simple shopping cart using fake api with skeleton effect where we can increment & decrement our products quantity as well as delete our products from cart.

React-redux shopping-cart ⬀
I created a E-commerce shopping cart using react-redux where we can store our products using add to cart functionality and we can increment & decrement our products quantity as well as delete our products from cart.
ToDo-list ⬀
I created a ToDo-list App using react, where we can add a list of items, sales purchase etc. or we can keep a record of anything..

Mobile Store ⬀
I created a simple clone of mobile store shopping cart using react hooks, where we can store our products data using add to cart functionality..

Ecommerce-website clone
I created a simple clone of Ecommerce-website using html,css and a little bit of java script this is the basic page layout of website..
