DECLARATION

I hereby declare that the information provided is accurate, and complete to the best of my knowledge and belief.

ABOUT ME

A passionate web developer with a flair for creating engaging and interactive online experiences. My journey in the world of web development began with a fascination for the way websites come to life, and I've since honed my skills to craft dynamic and user-friendly digital solutions.

EXPERIENCE

Zinxsoft pvt. ltd (01/05/2023 - 31/06/2023)

web developer

This experience provided me with valuable insights and practical skills in web development, equipping me with the knowledge and expertise to contribute effectively to web-based projects.

PROJECTS

Car rental system

Developed a car rental system using Python and Django. The project enables vehicle management and booking functionality. It features a straightforward interface for ease of use.

Food delivery system

Contributed to the front-end development of a food delivery system. The project includes features for ordering, tracking, and user interactions. Designed with a focus on responsiveness and user-friendly navigation.

Brand Store - E commerce

Worked on the front-end development of a brand store for shopping. The project includes features for browsing, cart management, and seamless checkout. Designed for a responsive and user-friendly shopping experience.
