PROFESSIONAL EXPERIENCES

Frontend Developer, *T Softtech*   May 2024 – present | Delhi

- Working on multiple web development projects using modern frontend technologies including HTML, CSS, JavaScript (ES6+), React.js, and Tailwind CSS.
- Collaborated with developers using Git and GitHub for version control, ensuring smooth integration and following component-based architecture for scalable, maintainable code across projects.
- Created multiple React projects, including Admirer,leveraging modern frontend technologies for dynamic and responsive user experiences.

SKILLS

React JS • Next Js • Javascript • Tailwind CSS • RestAPI • Redux • HTML • CSS

PROJECTS

Admirer ⧉

- Developed a fully functional, responsive e-commerce website using React.js and Tailwind CSS, delivering a smooth and engaging user experience across devices.
- Integrated Razorpay payment gateway for secure and seamless online transactions and NimbusPost for automated order shipping and delivery management.
- Integrated REST APIs to dynamically fetch and manage products, orders, and user data in real-time.
- Collaborated with a developer using Git and GitHub for version control and team workflow.

Non Brokerage ⧉

- Contributed to the development of BTJNonBrokerage.com ⧉ , a non-brokerage real estate platform.
- Integrated property listing features, allowing users to search and filter properties by location, BHK type, availability, and budget.
- Incorporated user testimonials and blogs, enhancing user engagement and providing valuable insights into the real estate market.
