OBJECTIVE

Experienced Frontend Developer seeking to apply and expand my skills in developing user-friendly web applications. Committed to delivering high-quality code and exceptional user experiences. Strong proficiency in frontend technologies and a passion for clean and efficient code

EDUCATION

Master of Computer Application , Kamla Nehru Institute of Technology, Sultanpur, U.P.	2019 - 21
Bachelor of Computer Application , Ewing Christian College, Prayagraj, U.P.	2016 - 19

SKILLS

React.js, HTML, CSS, Bootstrap, Javascript, React Router, React Hooks, Redux, Webpack, npm, Git, GitHub, MySQL, Shopify, Responsive Web Development

EXPERIENCE

Frontend Developer Uniworld Studios Pvt. Ltd.	Sept 2021 <i>Delhi</i>
---	---------------------------

- Developed a feature-rich React.js application for a client.
- Utilized React Router to implement smooth client-side navigation and improve overall application usability.
- Implemented Redux to manage application state, resulting reduction in data fetching and improved performance.
- Successfully managed with a team of developers using Git and GitHub, ensuring seamless code integration and resolving conflicts efficiently.
- Implemented a responsive design approach for a web application, improving mobile user experience.
- Collaborated with designers to translate Figma prototypes into pixel-perfect UI components, resulting in a visually appealing and consistent user interface.

PROJECTS

Exotic India Developed a comprehensive tour and travel management website using HTML, CSS, JavaScript, Bootstrap, PHP, and MySQL. Implemented an intuitive user interface, secure payment gateway, and dynamic tour management system. Optimized performance through caching and database optimizations, resulting in increased bookings and improved user experience.

Save Links Developed a Chrome extension called "Save Links" using HTML, CSS, and JavaScript. The extension allows users to save input links from an input field and store them in local storage. It also utilizes the Chrome extension API to query and save active tabs in the current window. Additionally, the extension provides the functionality to delete all saved links by removing them from local storage.

EXTRA-CURRICULAR ACTIVITIES

- Led the organization of 'Alfresco,' a memorable freshers' party, showcasing excellent project management abilities in planning and executing a successful event that fostered a positive and inclusive atmosphere for new students.
- Organized 'Kaleidoscope,' a college tech fest featuring inter-college competitions, demonstrating strong leadership and organizational skills in coordinating diverse teams and ensuring successful event execution.

LEADERSHIP

- As the Class Representative and GeeksforGeeks College Ambassador, demonstrated strong leadership by representing the class and college, fostering open communication, and organizing successful initiatives for academic and technical development.
